A report on the 2022 operations and accomplishments of the BUDC and its affiliates is posted on BUDC's website at:

<https://www.buffalourbandevelopment.com/documents/budc/2023%20Website%20Documents/BUDC%20Operations.pdf>.

**2. Financial Reports:**

**i) Audited Financial Statements:**

The audited financial statements for the BUDC will be posted on its website at <http://www.buffalourbandevelopment.com/budc-corporate-reports>.

The financial statement certification is included on page 8.

The financial statements are audited on an annual basis, by BUDC's independent auditors Freed Maxick CPAs, P.C. In their opinion, the financial statements present fairly, in all material respects, the financial position of BUDC as of December 31, 2022 and the

changes in net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

**ii) Grants & Subsidy Programs:**

BUDC and its affiliates are recipients of certain Federal, State, Local and private foundation grant programs that are utilized for land development projects. Details of the various grants are outlined in BUDC's audited financial statements.

**iii) Operating & Financial Risks:**

The following outline some of the operating and financial risks that impact BUDC:

- Liquidity – A significant portion of BUDC's assets consist of land and buildings held for sale or lease which are not readily convertible to cash. Since BUDC relies upon land sales and lease revenues to fund operations, a reduction in the amount of cash derived from land sales and lease revenues could cause BUDC difficulty in funding operations.
- Recovery of Land held for sale – BUDC has capitalized a large proportion of its development costs as "Land and Improvements held for sale". If BUDC has difficulty selling the underlying parcels due to local economic conditions, it may not be able to recover the amount recorded on the financial statements.
- Environmental – Since BUDC and its affiliates may assume title to properties with environmental contamination, it is exposed to the related potential clean-up costs, litigation and other liabilities.
- Regulatory – BUDC is subject to various regulations including those imposed by the NYS Authorities Budget Office. These regulations may increase the cost of compliance or impact the financial position of the Corporation. In 2017, BUDC closed on tax credit financing for the redevelopment of 683 Northland (Northland Central) involving New Markets and Historic Tax Credits. Changes to regulations governing these and Brownfield Tax Credits could impact the overall funding of the project.
- Funding – As a not-for-profit local development corporation, BUDC has limited sources of operating funds and relies heavily on grant funding for certain projects. BUDC management is always cognizant of the fact that a change in the legislative climate or administration of the State could have a significant effect on future grant opportunities.

BUDC mitigates a portion of the above risks with prudent internal financial management, external financial and legal guidance, and comprehensive insurance coverage.

**iv) Current bond ratings:**

BUDC does not issue bonds on its own behalf and therefore is not rated by municipal bond rating agencies.

**v) Long-term liabilities including leases and employee benefit plans:**

BUDC has long-term liabilities related to loans and notes payable as described in Section 4.

### **3. Mission Statement & Performance Measurements:**

BUDC's Mission Statement & Performance Measurements Report for 2022 is included in Attachment 1. This document was reviewed and approved by the Board at the March 29, 2022 Board meeting.

### **4. Schedule of Bonds and Notes Outstanding:**

In 2006, BUDC issued \$675,000 in promissory notes in connection with the expansion of its Buffalo Lakeside Commerce Park remediation and redevelopment. During 2007, \$150,000 of these notes were repaid while in 2008 an additional \$267,619 of these notes were repaid, and in 2022 the remaining \$257,381 was repaid. In 2017, 683 Northland LLC borrowed amounts totaling \$13,730,000 related to the Northland Workforce Training Center project as part of a transaction to syndicate certain tax credits. 683 Northland LLC also entered into two agreements for bridge financing in 2017 totaling \$30,000,000; \$1,001,167 of which was outstanding at December 31, 2022. In 2019, BUDC entered into a \$369,750 term note for a property purchase. See Attachment 2 for detail of BUDC's loans and notes payable.

**13. Listing of Material Changes in Operations and Programs:**

In 2022, BUDC staff continued developing and managing a material change in BUDC operations and programs that began in 2019, as indicated in Section 1 (Operations & Accomplishments) in the section titled Waterfront / Ralph Wilson Park Project. BUDC applied to the Ralph C. Wilson, Jr. Foundation for grant funds to assist the City of Buffalo to become more engaged in downtown waterfront planning and development activities. The Foundation initially awarded BUDC a \$2.8 million dollar grant to enhance both BUDC's and the City's capacity to manage such development activities and to successfully implement the design and construction of Ralph Wilson Park. The project continues to progress through the first phase of construction, which began in 2022. In addition to securing and managing additional grant funding from the Ralph C. Wilson Foundation in the amount of \$50 million, BUDC was also successful in leveraging additional funding from the Great Lakes Commission; the Major League Baseball Youth Development Foundation; the Community Foundation for BUDC staff capacity, and other sources to support this transformational project. BUDC also continues to successfully manage contracts with Gardiner & Theobald for project management and cost estimating services, as well as a contract with Michael Van Valkenburg & Associates for landscape design and monitoring services. BUDC also provided assistance to the City of Buffalo to secure Gilbane Companies for Construction Management services.

The Northland Beltline Corridor continues to evolve as an innovation hub focused on workforce training, advanced manufacturing, and energy, with a focus on encouraging job training and employment for East Side residents. The combined project at Northland Central has exceeded \$100 million.

The BUDC has also continued to advance its downtown development efforts through its Buffalo's Race for Place initiative. BUDC successfully secured funding from Empire State Development for the Downtown Waterfront Improvement Plan, which will provide infrastructure and public realm designs to improve connections from the downtown waterfront to the investment at Ralph Wilson Park. BUDC also began implementing recommendations for the Ellicott Street Placemaking Strategy. BUDC has also participated with the City of Buffalo's Office of Strategic Planning in efforts to redevelop the Mohawk Ramp and Broadway Barn, as well as the Smart Streets Planning initiative. These investments in existing assets/infrastructure will increase development density in the City of Buffalo that encourages walkability and multi-modal transportation, connects dis-advantaged communities with employment clusters, and attracts private investment to further foster a vibrant, sustainable community in line with the Region's established smart growth principles.
