#### Budget variances:

- Grant revenue relates mainly to Ralph Wilson Park and Northland Projects. The variance is due to higher grant revenue recognition than anticipated as a result of project cost timing.
- Rental and other revenue consists mostly of recognition of prepaid rent income (straight-line basis) by 683 Northland LLC from 683 Northland Master Tenant, LLC, and rental income at properties other than 683 Northland Avenue. The variance is due to the vacancy at 612 Northland.
- Development costs consist of property/project-related costs (e.g. consultants, operations and maintenance, legal and utility costs). Some costs may be capitalized upon project completion. Variance is due to timing of project costs.
- General and administrative costs consist of insurance, rents, audit/tax, marketing and other G&A costs. Rents include BUDC offices, Buffalo Manufacturing Works base rent (per ESD grant agreement) and recognition of prepaid rent for Workforce Training Center. Differece is mainly due to cost control and timing.

## **Buffalo Urban Development Corporation**

2025 Proposed Budget

#### A. Overview:

Buffalo Urban Development Corporation ("BUDC") continues to make significant progress on all of its initiatives by advancing projects related to the Northland Corridor Redevelopment on Buffalo's East Side, the Buffalo's Race for Place initiative in Downtown Buffalo, transformation of Ralph C. Wilson Jr. Centennial Park ("Ralph Wilson Park") as well as other strategic planning efforts and small business support.

BUDC staff continues to assist the City of Buffalo in managing complex projects, such as the transformation of Ralph Wilson Park. The Ralph C. Wilson, Jr. Foundation initially awarded BUDC a \$2.8 million dollar grant to enhance both BUDC's capacity to assist with project management as well as the City's capacity to implement the design and construction of Ralph Wilson Park. The project continues to advance through the first phase of construction, as significant work on the shoreline is underway. The installation of the stateof-the-art pedestrian bridge is in process. In addition to securing and managing additional grant funding from the Ralph C. Wilson Foundation in the amount of \$50 million, BUDC was also successful in leveraging and managing additional funding from the Great Lakes Commission; Division of Homeland Security and Emergency Services (DHSES) and other sources to support the park's transformation. BUDC continues to successfully manage contracts with Gardiner & Theobald for project management and cost estimating services, as well as a contract with Michael Van Valkenburg & Associates for landscape design and construction administration. BUDC continues to provide assistance to the City of Buffalo to secure Gilbane Companies for Construction Management services and consistently collaborates with the Ralph Wilson Conservancy and other project partners.

The Northland Beltline Corridor continues to evolve as an innovation hub focused on workforce training, advanced manufacturing, clean technology, renewable energy, and automotive training, with an emphasis on training and employment for East Side residents. BUDC was awarded \$55 million in funding from Empire State Development and has continued to leverage the previously awarded \$14.4 million in funding from Economic Development Administration (EDA). This funding supports the development of 631 Northland; 541 E. Delavan Avenue; 612 Northland–B Building; substation upgrades and other improvements within the Northland Beltline Corridor. BUDC recently executed a grant amendment with Empire State Development that will allow up to \$6 million dollars from the initial \$55 million dollar grant to be used towards BUDC's operational and working capital costs.

BUDC also secured funding from the Dept. of State for the Northland Brownfield Opportunity Area (BOA). The project goals are to create opportunities for new and existing businesses to relocate, launch and grow within the BOA boundary. BUDC continues to engage with Northland Campus businesses and anchors such as the Northland Workforce Training Center – that recently expanded into additional space for its new automotive training program within the Northland Central Building. BUDC is also negotiating a new leasing agreement for the Northland Red Shed building and is in negotiations with Manna Culinary to extend their lease. BUDC consistently coordinates with tenants such as Buffalo Manufacturing Works; Rodriguez Construction; Bank On Buffalo and others as well as the surrounding community on strategic initiatives, public art and other opportunities that add to the vitality of the corridor.

The combined project at Northland Central will now exceed \$150 million. In addition to the grant funding from ESD, EDA, NYPA and the City of Buffalo, additional financing has been provided by Citibank and Key Bank, through the use of Historic Preservation Tax Credits and New Market Tax Credits allocated through the National Trust Community Investment Corporation and Building America Community Development Entity. Key Bank and Evans Bank have provided construction bridge financing for development of the Northland Central Building. BUDC is also working with its tax credit consultant team to prepare for the anticipated financial obligations to investors as well as anticipated capital costs related to the Northland Beltline Corridor.

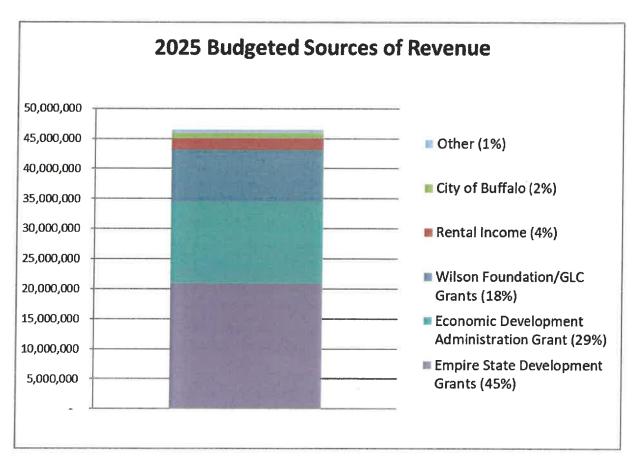

BUDC continues to advance its downtown development efforts through its Buffalo's Race for Place initiative. BUDC completed the Downtown Waterfront Improvement Plan, which provides infrastructure and public realm recommendations to improve connections from the downtown waterfront to the investment at Ralph Wilson Park. BUDC has worked to develop concepts for improvements to Erie Street that will spur additional development around the waterfront and Marina. BUDC also completed the Ellicott Street Underpass Lighting project and continues to identify resources for additional phases of the Ellicott Street Placemaking Strategy. BUDC has also participated with the City of Buffalo's Office of Strategic Planning in the Smart Streets Design Planning initiative, infrastructure and waterfront coordination efforts and implementation planning for improvements along within downtown area corridors such as Washington Street. BUDC recently issued a Request For Proposals to secure a project and cost management firm to assist with accelerating the construction and development of public realm projects identified in the above mentioned planning efforts within the downtown and waterfront area. BUDC is a key project partner with the City of Buffalo on the Oueen City Hub Revisited Action Plan, which looks to address challenges caused by remote work, a decline in office space occupancy, retail vacancy and changing consumer habits that impact downtown's vitality. These investments and initiatives will increase development density in the City of Buffalo that encourages walkability and multi-modal transportation, improved accessibility of disadvantaged communities with employment clusters, and attracts private investment to further foster a vibrant, sustainable community in line with the Region's established Smart Growth principles.

BUDC continues to market available parcels within Buffalo Lakeside Commerce Park and has recently contracted with CBRE to further promote the remaining parcels on a local, regional and national level to increase interest in the site. BUDC also manages the BLCP Property Owners association and coordinates with the City of Buffalo to ensure proper maintenance and upkeep.

Income for operations has been generated primarily through land sales, lease payments and grants. BUDC has recently negotiated funding for operational support and sustainability on several initiatives to ensure the organization's ability to continue delivering transformational projects.

#### **B. Sources of BUDC Funds:**

The following chart summarizes the significant sources of the \$46.5 million in revenue that has been budgeted for BUDC projects in 2025:

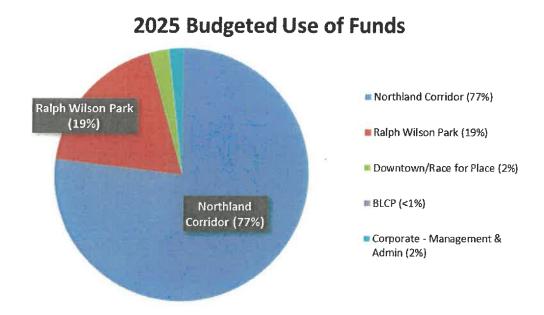

- (1) Empire State Development Grants In 2025 BUDC expects to recognize \$20,891,000 in grant revenue from Empire State Development for projects along the Northland Corridor, most under the RECAP Grant, including work at 541 East Delavan Avenue and 631 Northland. Included in this figure is \$729,000 of working capital for BUDC personnel and other costs related to the ownership and maintenance of Northland Corridor properties.
- (2) Economic Development Administration In 2025 BUDC expects to recognize \$13,650,000 in grant revenue under EDA's Build Back Better grant related to core and shell renovations at 541 East Delayan Avenue.
- (3) Ralph C. Wilson, Jr. Foundation and Great Lakes Commission Grants In 2025 BUDC expects to recognize \$8,577,000 in grant revenue from the Wilson Foundation and Great Lakes Commission associated with multiple grant agreements supporting the redevelopment of LaSalle Park into Ralph Wilson Park along the city's shoreline.

- (4) Rental Income In 2025 BUDC expects to realize rental income of approximately \$1,981,000 for leased space in the Northland Corridor from tenants, the majority under the terms of a Master Lease Agreement between 683 Northland Master Tenant, LLC and 683 Northland LLC. It is of note that rent payments for leased space within the Northland Central (683 Northland) complex are paid to 683 Northland Master Tenant, LLC, a separate entity for financial reporting purposes.
- (5) City of Buffalo In 2025 BUDC expects to recognize \$908,000 in American Rescue Plan grant revenue from the City of Buffalo. The majority of grant funding is budgeted for downtown based initiatives.
- **(6) Other** Other income totaling approximately \$536,250 on a consolidated basis reflects the following:
  - a. \$381,250 from National Grid grants for certain projects.
  - b. \$100,000 grant from the Erie County Industrial Development Agency.
  - c. \$45,000 bank interest/miscellaneous income.
  - d. \$10,000 net revenue to the Buffalo Brownfields Redevelopment Fund.

#### C. Uses of BUDC Funds:

BUDC expects to spend \$45.8 million in 2025 as outlined in the following chart:

- (1) Northland Corridor As part of the continuing Northland Corridor project, BUDC anticipates spending \$35.3 million on capital and development costs, in addition to operating costs at Northland Corridor properties. The majority of 2025 spending will focus on core and shell renovations at 537 East Delavan Avenue and 631 Northland Ave.
- (2) Ralph Wilson Park BUDC anticipates spending \$8.6 million in 2025 to support the development of Ralph Wilson Park, as construction continues in 2025. Much of the funding will be passed through to the City of Buffalo under subgrant agreements.

- (3) **Downtown/Race for Place** BUDC anticipates spending \$1.1 million in 2025 to support various downtown initiatives in conjunction with the City of Buffalo.
- (4) Buffalo Lakeside Commerce Park In 2025 BUDC has budgeted \$19,000 for operations and maintenance costs of Ship Canal Commons, its share of costs under the Property Owners' Association agreement.
- (5) Corporate Management & Administrative In 2025, BUDC expects to spend \$836,000 on management and administrative costs. This includes salary and benefit costs of BUDC staff totaling \$319,000. In addition, \$106,500 in other administrative, financial and property management services provided by ECIDA staff are budgeted to be reimbursed based on the number of hours ECIDA employees devote to these activities. Other management and administrative costs total \$410,500 and include legal, audit and tax, insurance, marketing, rent and other general and administrative costs.

#### **MEMORANDUM**

TO: BUDC Board of Directors

FROM: Yolando Mullen, Project Manager

SUBJECT: Ralph Wilson Park - Amendment to Atlantic Testing Laboratories Contract

for Environmental Sampling and Consulting Services

**DATE:** October 29, 2024

At its August 23, 2023 meeting, the BUDC Board of Directors approved BUDC entering into an agreement with Atlantic Testing Laboratories ("ATL") for environmental testing for the Ralph Wilson Park project. The services were to be performed by ATL for a not-to-exceed amount of \$40,000, most of which has been spent to date.

BUDC's Project Manager, Gardiner & Theobald ("G&T"), is recommending that additional environmental testing and services be performed by ATL to supplement MVVA's shoreline redesign work. ATL's additional scope of work would include additional borings, soil sampling, and testing on land and in water at an additional not-to-exceed amount of \$19,665.00.

The cost of these services will be paid through Wilson Grant 12, which was previously approved by the BUDC Board of Directors at its September 24, 2024 meeting. BUDC has submitted a revised budget to the Wilson Foundation for Wilson Grant 12 to account for additional Phase 2 contingency costs, including the additional environmental testing to be performed by ATL. This revised budget is under review by the Wilson Foundation. To account for this, the amendment to the ATL contract will expressly provide that payment to ATL is conditioned on BUDC's receipt of funding and approval of its revised Wilson Grant 12 budget, and that BUDC has no independent funding obligation for work to be performed by ATL.

This item was reviewed with the BUDC Downtown Committee on October 16. Although no quorum was present, the Downtown Committee members present voiced support for this item to be advanced to the BUDC Board of Directors for approval.

Hon. Christopher P. Scanlon, Chairman of the Board • Dennis Penman, Vice Chairman • Brandye Merriweather, President

Rebecca Gandour, Executive Vice President • Mollie Profic, Treasurer • Atiqu Abidi, Assistant Treasurer • Kevin J. Zanner, Secretary

#### **ACTION:**

We are requesting that the Board of Directors (i) approve the amendment to BUDC's agreement with Atlantic Testing Laboratories for a not to exceed amount of \$19,665.00 for the environmental scope of work described above for the Ralph Wilson Park project; and (ii) authorize the BUDC President or Executive Vice President to execute the amendment to BUDC's agreement with ATL and take such other actions as are necessary to implement this authorization.

#### **MEMORANDUM**

TO:

**BUDC Board of Directors** 

FROM:

Yolando Mullen, Project Manager

**SUBJECT:** 

Ralph C. Wilson, Jr. Centennial Park - Modifications to MVVA Amendment

#14

DATE:

October 29, 2024

On August 27, 2024, the BUDC Board of Directors approved the 14<sup>th</sup> amendment to the Master Service Agreement (the "MVVA Agreement") with Michael Van Valkenburgh Associates ("MVVA") for Phase 2 value engineering design services at Ralph Wilson Park, at a cost not to exceed \$340,147.00.

BUDC's project manager, Gardiner and Theobald is recommending modifications to the Phase 2 value engineering design scope under the 14<sup>th</sup> amendment. MVVA's revised scope of services for Phase 2 value engineering will now include a permitting scope. The permitting scope will allow MVVA and its team to prepare an addendum to the Stormwater Pollution Prevention Plan (SWPPP) and documentation for the Joint Application Permit based on revisions to the project from the value engineering process. In addition, the scope of the Phase 2 value engineering design services has been expanded to include the second part of the Pavilion sheet pile as part of the shoreline redesign work.

These modifications increase MVVA's fees for Phase 2 value engineering design services by \$55,787.00, bringing the total cost for services under the 14<sup>th</sup> amendment to \$395,934. The cost of this increase will be funded through two grants. The first \$39,609 will be funded through Wilson Grant 12, which was accepted by the Board of Directors at its September 24, 2024 meeting.

The remaining \$16,178.00 will be funded through Wilson Grant 9, which was accepted by the Board of Directors at its October 31, 2023 meeting. These Wilson Grant 9 funds were initially allocated to MVVA for services under the 12<sup>th</sup> amendment to the Master Services Agreement. The

Hon. Christopher P. Scanlon, Chairman of the Board o Dennis Penman, Vice Chairman o Brandye Merriweather, President Rebecca Gandour, Executive Vice President o Mollie Profic, Treasurer Atiqa Abidi, Assistant Treasurer Kevin J. Zanner, Secretary 14<sup>th</sup> amendment, which has not been executed by BUDC and MVVA, will be modified to address this reduction to the not-to-exceed amount for services under the 12<sup>th</sup> amendment and reallocation of this funding to services provided by MVVA under the 14<sup>th</sup> amendment. The proposed reallocation of Wilson Grant 9 funding has been reviewed by the project team and Wilson Foundation, and the Wilson Foundation has consented to this reallocation.

This item was reviewed with the BUDC Downtown Committee on October 16. Although no quorum was present, the Downtown Committee members present voiced support for this item to be advanced to the BUDC Board of Directors for approval.

#### **ACTION:**

We are requesting that the BUDC Board of Directors: (i) amend its August 27, 2024 authorization to provide an additional \$55,787 for Phase 2 value engineering design and permitting services for Ralph Wilson Park, to a total not-to-exceed amount of \$395,934; (ii) modify the not-to-exceed amount under the 12<sup>th</sup> amendment to the MVVA agreement from \$468,088 to \$451,910; and (iii) authorize the BUDC President or Executive Vice President to execute the 14<sup>th</sup> amendment to the MVVA Agreement, as modified as described in this memorandum, and take such other actions as are necessary to implement this authorization.
