2.0 Northland Beltline Corridor

(a) Northland Corridor – Phase 3 Redevelopment Update – Mr. Rhodes presented an update regarding the Phase 3 Northland redevelopment project and shared a color-coded map with the Committee identifying Phases 3 and 4 of the redevelopment work. BUDC staff has submitted mortgage and bid documents to EDA for review and approval. He noted that BUDC staff and legal counsel have engaged in discussions with the Public Service Commission (PSC) regarding the substation. Mr. Zanner then briefed the Committee on the regulatory issues

relating to the substation and noted that the discussion with PSC counsel was productive and helpful for evaluating next steps.

- (b) Northland Corridor Phase 4 Redevelopment Update Mr. Rhodes presented an update regarding the Phase 4 project. Wendel continues to work on the SHPO process for the 631 Northland building. Wendel has also solicited feedback from potential tenants regarding electrical power needs for 631 Northland. It was determined that adding an additional 2000-amp service would require the installation of a new substation for the 631 Northland building. Given the cost and long lead-time for constructing a new substation, Wendel is recommending against pursuing that option and instead suggested targeting tenants with less substantial electrical power requirements. It was noted that the 631 Northland building will not be serviced from the substation owned by BUDC.
- (c) Northland Corridor— 741 Northland and 777 Northland Building Condition

 Update Mr. Rhodes reported that LiRo Engineers provided BUDC with cost estimates as a follow up to the consultant's updated building condition report for the buildings located at 741 and 777 Northland. BUDC is coordinating with SHPO to identify next steps regarding the memorandum of agreement (MOA) that applies to the 777 Northland property.
- (d) Northland Corridor—Brownfield Opportunity Area (BOA) Plan Mr. Rhodes reported that a kickoff meeting with BUDC's consultant for this project, Colliers Engineering & Design, is scheduled for August 27th.
- (e) Northland Corridor Tenant & Property Management Updates Mr. DiFrancesco reported that CBRE is negotiating with a potential tenant for the mezzanine space at 683 Northland. The potential tenant is a minority-and veteran-owned business enterprise that would use the mezzanine for general office space. Mr. DiFrancesco then distributed updated marketing materials for the Fillmore parcels and identified an affordable housing developer as a potential purchaser. Ms. Gandour added that at this stage, BUDC would seek entering into an exclusivity agreement for a period of 12-18 months, with an exclusivity fee of \$3,000/month to be paid and applied toward the purchase amount. The Committee then discussed the approvals required for an affordable housing development and whether the Fillmore parcel sites are suitable for such development, given certain regulatory requirements. Ms. Gandour noted that next steps would be to enter into an exclusivity agreement for the purchase of the parcels, but added more discussions regarding the project were needed before an exclusivity agreement will be pursued.

Mr. Cannon then provided a property management update for the Northland Corridor. Comvest has submitted its draft budget. Construction of the Workforce Training Center's auto-tech space is in progress and is anticipated to be completed by the end of September. Core sampling in the building and parking lot adjacent to 631 Northland was completed. Comvest is preparing an RFP for snow removal services.

- (f) Northland Corridor Phase I Construction Additional HVAC Work Claim Update
 Mr. Zanner reported that the parties are working towards scheduling mediation sessions with
 the selected mediator. BUDC counsel has begun drafting a position statement for the
 mediation.
- (g) <u>Discussion of Northland Corridor Properties Grant & Other Obligations</u> Ms. Gandour presented a draft spreadsheet setting forth the revenue, expenses and overhead costs for each of the BUDC-owned properties in the Northland Corridor. Copies of the spreadsheet were distributed to members of the Committee. The Committee provided feedback on the draft report and asked BUDC staff to include which properties are on the market and vacant, and the potential gross rent for such properties. Ms. Gandour added that BUDC is working with ESD regarding its reimbursement requests from the RECAP grant and matters

relating to expense reimbursement eligibility. Mr. Mehaffy thanked BUDC staff for their work and commented that this information will help inform BUDC strategy regarding sustainability moving forward.

3.0 Buffalo Lakeside Commerce Park

(a) 193 Ship Canal Parkway Update — Ms. Gandour reported that RAS Development did not extend its exclusivity agreement with BUDC for 193 Ship Canal Parkway. RAS Development owes BUDC approximately \$6,800 in exclusivity payments and legal expenses. BUDC staff will send a letter and invoice to the developer for the unpaid amount.

With 193 Ship Canal Parkway no longer under contract, Ms. Gandour proposed to the Committee that CBRE be appointed as the broker and marketing agent for this parcel. She noted that the Board had approved CBRE as broker for the other remaining BLCP parcels just last month. After a discussion, Mr. Mehaffy made a motion to recommend that the BUDC Board of Directors approve the retention of CBRE for brokerage services for 193 Ship Canal Parkway. The motion was seconded by Mr. Penman and unanimously carried (5-0-0).

- (b) <u>80, 134, 158 and 200 Ship Canal Parkway</u> Ms. Gandour reported that CBRE has prepared marketing materials and signage for these parcels.
- (c) <u>Buffalo Lakeside Commerce Park Property Owners Association</u> Ms. Gandour reported that Uniland has not yet paid an outstanding assessment invoice. The Committee suggested that staff contact Uniland again, and that if Uniland continues to be unresponsiveness, BUDC legal counsel should send a letter reminding Uniland of its obligation to make payment.
- **4.0** Executive Session None.
- **5.0** Adjournment There being no further business to come before the Committee, upon motion made by Ms. Curry seconded by Mr. Mehaffy and unanimously carried, the August 20, 2024 meeting of the Real Estate Committee was adjourned at 1:33 p.m.

Item 8

MEMORANDUM

TO: BUDC Real Estate Committee

FROM: Angelo Rhodes II, Project Manager

SUBJECT: Northland Corridor – 631 Northland Avenue Consultant Change Order

DATE: September 19, 2024

On October 31, 2023, the BUDC Board of Directors approved a contract with Wendel for A&E, Historic Preservation, Project Inspection, and Grant Administration Services for the redevelopment of 631 Northland Avenue. As part of this redevelopment, Wendel, through its subconsultant Ravi Engineering & Land Surveying, P.C. (Ravi), completed initial subsurface investigations and environmental testing at the project site.

Wendel has determined that additional environmental testing is needed. Ravi proposes to collect up to fifteen (15) soil samples for analysis in order to generate additional data and establish the project site's eligibility for the Brownfield Cleanup Program.

The testing would be completed by Ravi as an additional service, which will be processed as an amendment to BUDC's agreement with Wendel. The total cost of the work will not exceed \$14,670 and will be funded through BUDC's RECAP grant with Empire State Development, which was previously approved by the BUDC Board of Directors at its October 31, 2023 meeting.

ACTION:

I am requesting that the BUDC Real Estate Committee recommend that the Board of Directors: (i) approve an amendment to the Wendel consulting agreement for a not to exceed amount of \$14,670 for additional environmental testing for the 631 Northland Redevelopment project; and (ii) authorize the BUDC President or Executive Vice President to execute an amendment to the Wendel agreement and take such other actions as may be necessary or appropriate to implement this authorization.
