The revised RFP includes an expanded scope that incorporates two additional sites and is expected to be issued soon to ensure installation during Spring of 2026. With respect to downtown infrastructure work, BUDC and the City continue to coordinate with Douglas Development regarding access to the Accelerator Fund in order for BUDC to execute its agreement with Buffalo Construction Consultants. Ms. Merriweather updated the Board regarding Queen City Pop Up holiday programming. A request for proposals had been issued for consulting services relating to the outdoor market concept. BUDC received three proposals in response to the RFP, none of which met BUDC's requirements. BUDC staff is making adjustments to the holiday programming to move forward this year. While BUDC had identified a team in Rochester to complete a modified scope, the team had recently pulled out from the project. Ms. Merriweather expressed disappointment in the results of the RFP process but indicated she is working on an alternative plan for the holiday programming this year. Budget variances:

⁻ Additional lease revenue is amounts charged to tenants for common area maintenance (CAM) charges, insurance, etc. Negative variance is due to 2024 CAM refunds applied in 2025 and a lower than ancitipated rate for 2025.

- Payroll costs are under budget due to lower than anticipated actual costs.

Professional fees are above budget year-to-date mainly due to timing of audit fees and environmental services.

Budget variances:

- General and administrative costs consist of insurance, rent, audit/tax, unrelated business income tax, marketing and other G&A costs.

⁻ Grant revenue relates mainly to Ralph Wilson Park and Northland Projects. The variance is due to lower grant revenue recognition than anticipated as a result of timing of grant-supported costs.

⁻ Development costs consist of property/project-related costs (e.g. consultants, operations and maintenance, legal and utility costs). Some costs may be capitalized upon project completion. Variance is due to timing of project costs.

⁻ Other income/expenses relates to effects of NMTC exit in January 2025 (noncash).

Proposed 2026 Budget

A. Overview:

Buffalo Urban Development Corporation ("BUDC") continues to make significant progress on all of its initiatives by advancing projects related to the Northland Corridor Redevelopment on Buffalo's East Side, the Buffalo's Race for Place initiative in Downtown Buffalo, transformation of Ralph C. Wilson Jr. Centennial Park ("Ralph Wilson Park") as well as other strategic planning efforts and small business support.

BUDC staff continues to assist the City of Buffalo in managing complex projects, such as the transformation of Ralph Wilson Park. The Ralph C. Wilson, Jr. Foundation initially awarded BUDC a \$2.8 million dollar grant to enhance both BUDC's capacity to assist with project management as well as the City's capacity to implement the design and construction of Ralph Wilson Park. The project continues to advance through the first phase of construction, including improvements to the shoreline, site work and the completion of the state-of-the-art pedestrian bridge. In addition to securing and managing additional grant funding from the Ralph C. Wilson Foundation in the amount of \$50 million, BUDC was also successful in leveraging and managing additional funding from the Great Lakes Commission; Division of Homeland Security and Emergency Services (DHSES) and other sources to support the park's transformation. BUDC continues to successfully manage contracts with Gardiner & Theobald for project management and cost estimating services, as well as a contract with Michael Van Valkenburg & Associates for landscape design and construction administration. BUDC continues to provide assistance to the City of Buffalo to secure Gilbane Companies for Construction Management services and consistently collaborates with the Ralph Wilson Conservancy and other project partners.

The Northland Beltline Corridor continues to evolve as an innovation hub focused on workforce training, advanced manufacturing, clean technology, renewable energy, and automotive training, with an emphasis on training and employment for East Side residents. BUDC was awarded \$55 million in funding from Empire State Development and has continued to leverage the previously awarded \$14.4 million in funding from Economic Development Administration (EDA). The funding supports construction of 541 E. Delavan Avenue; 612 Northland–B Building; substation upgrades and other improvements within the Northland Beltline Corridor which are underway. Construction kicked off in 2025 and is expected to be completed in late 2026/early 2027. BUDC is also advancing renovation of 631 Northland which anticipates utilizing historic and brownfield tax credits. BUDC continues to utilize grant funding from Empire State Development for BUDC's operational and working capital costs furthering BUDC's sustainability.

BUDC also secured funding from the Dept. of State and further advanced the for the Northland Brownfield Opportunity Area (BOA) that will create opportunities for new and existing businesses to relocate, launch and grow within the BOA boundary. BUDC continues to engage with Northland Campus businesses such as the Northland Workforce Training Center and Rodriguez Construction both of which have expanded into additional space within the Northland Central Building. BUD recently negotiated a new leasing agreement with Flat 12 Mushrooms for space within 612 Northland and has an active exclusivity agreement with Lighthouse Center, Inc. for a proposed mixemixed-useelopment and daycare center along Fillmore Avenue. BUDC is actively seeking a restaurant operator for 683 Northland to support the NWTC students and the broader community. BUDC consistently coordinates with tenants such as Buffalo Manufacturing Works; Retech; Bank On Buffalo and others as well as the surrounding community on strategic initiatives, public art and other opportunities that add to the vitality of the corridor.

The combined project at Northland Central will now exceed \$150 million. In addition to the grant funding from ESD, EDA, NYPA and the City of Buffalo, additional financing has been provided by Citibank and Key Bank, through the use of Historic Preservation Tax Credits and New Market Tax Credits allocated through the National Trust Community Investment Corporation and Building America Community Development Entity. Key Bank and Evans Bank have provided construction bridge financing for development of the Northland Central Building. BUDC recently completed the exit of the New Markets and historic tax credits portions of the structure. The result of these transactions is that tax credits investors no longer have an interest in 683 Northland. BUDC is currently seeking tax credit investors for the development of 631 Northland Avenue.

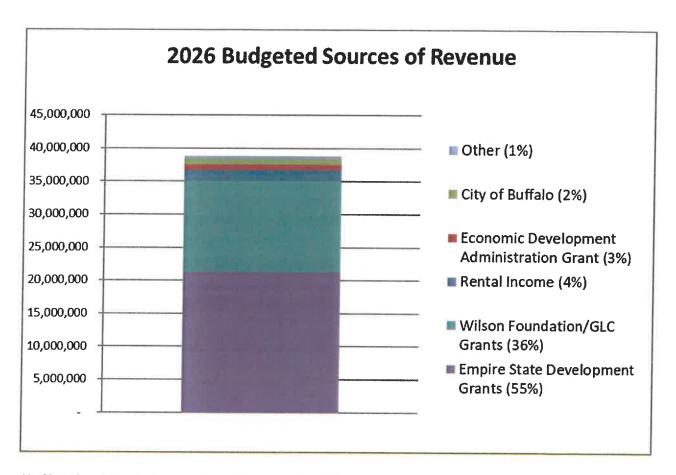

BUDC continues to advance its downtown development efforts through its Buffalo's Race for Place initiative. BUDC completed the Downtown Waterfront Improvement Plan, which provides infrastructure and public realm recommendations to improve connections from the downtown waterfront to the investment at Ralph Wilson Park. BUDC has worked to develop concepts for improvements to Erie Street that will spur additional development around the waterfront and Marina. BUDC also completed the Ellicott Street Underpass Lighting project and continues to identify resources for additional phases of the Ellicott Street Placemaking Strategy. BUDC has also participated with the City of Buffalo's Office of Strategic Planning infrastructure and waterfront coordination efforts and implementation planning for improvements along within downtown area BUDC issued a Request For Proposals and identified Buffalo Construction Consultants (BCC) a project and cost management firm to assist with accelerating the construction and development of public realm projects identified in the above mentioned planning efforts within the downtown and waterfront area. BUDC has also issued a RFP for temporary placemaking improvements to address short term accessibility challenges and to increase vibrancy and foot traffic. BUDC continues to administer small business support for the downtown area through the Queen City Pop Up project. BUDC is a key project partner with the City of Buffalo on the Queen City Hub Revisited Action Plan. which looks to address challenges caused by remote work, a decline in office space occupancy. retail vacancy and changing consumer habits that impact downtown's vitality. These investments and initiatives will increase development density in the City of Buffalo that encourages walkability and multi-modal transportation, improved accessibility of disadvantaged communities with employment clusters, and attracts private investment to further foster a vibrant, sustainable community in line with the Region's established Smart Growth principles.

BUDC continues to market available parcels within Buffalo Lakeside Commerce Park and is contracted with CBRE to further promote the remaining parcels on a local, regional and national level to increase interest in the site. In addition, BUDC is working with its consultant, Labella to identify and coordinate strategies to address environmental needs of the site to enhance interest and marketability of the remaining parcels. BUDC continues to manage the BLCP Property Owners association and coordinates with the City of Buffalo to ensure proper maintenance and upkeep.

Income for operations has been generated primarily through land sales, lease payments and grants and project management fees. BUDC has recently negotiated funding for operational support and sustainability on several initiatives to ensure the organization's ability to continue delivering transformational projects.

<u>Item 4.2</u>

MEMORANDUM

TO:

BUDC Board of Directors

FROM:

Rebecca Gandour, Executive Vice President

SUBJECT:

683 Northland - Unwinding of Tax Credits Transaction

DATE:

October 28, 2025

In January of this year, BUDC and its tax credits team completed the exit of the New Markets tax credits portion of the tax credits structure for the 683 Northland project. This past July, BUDC and its tax credits team completed the exit from the historic tax credits portion of the tax credits structure. The result of these transactions is that tax credits investors no longer have an interest in the project. This is consistent with the original tax credits transactions that were authorized by the BUDC and BBRC Board of Directors in 2017.

With tax credits investors no longer involved in the 683 Northland project, the current organizational structure (which was necessary to facilitate the tax credits) is no longer needed. The tax credits team is recommending that the structure be unwound. There are a series of steps that BUDC will undertake to effectuate the corporate restructuring, which are outlined below by entity.

- 1. <u>683 Northland Master Tenant, LLC</u> This LLC is a party to a Master Lease Agreement with 683 Northland LLC, the current title owner of the 683 Northland Avenue property. This LLC also holds all the lease agreements with the existing tenants at 683 Northland. The action items with respect to this LLC are as follows:
 - Terminate the Master Lease with 683 Northland LLC
 - ➤ Assign all existing tenant leases to 683 Northland LLC
 - File Articles of Dissolution with the New York State Department of State to dissolve 683 Northland Master Tenant, LLC

Hon. Christopher P. Scanlon, Chairman of the Board o Dennis Penman, Vice Chairman o Brandye Merriweather, President Rebecca Gandour, Executive Vice President o Mollie Profic, Treasurer o Atiqa Abidi, Assistant Treasurer o Kevin J. Zanner, Secretary

95 Perry Street Suite 404 Buffalo, New York 14203 phone: 716-856-6525 fax: 716-856-6754

web: buffalourbandevelopment.com

- 2. <u>683 WTC, LLC</u> This entity is presently taxed as a corporation and is a wholly-owned subsidiary of BUDC. This entity in turn is the sole owner of 683 Northland Master Tenant, LLC and a 95% owner of 683 Northland LLC. The action items with respect to this LLC are as follows:
 - Enter into a conversion agreement with BUDC to convert the existing sponsor loan from BUDC to the LLC into equity. As part of this conversion, BUDC will cancel the promissory note which documents the loan obligation.

Item 4.3

MEMORANDUM

TO: BUDC Board of Directors

FROM: Angelo Rhodes II, Project Manager

SUBJECT: Northland Corridor - LaBella Associates Contract Amendment

DATE: October 28, 2025

On March 28, 2023, the BUDC Board of Directors approved a contract with LaBella Associates (LaBella) for architectural & engineering, project inspection services, and grant administration services for the Northland Corridor Redevelopment Phase 3 for an amount not to exceed \$1,132,000. As construction commenced this summer, LaBella has submitted the following change orders:

A. <u>Environmental Air Monitoring</u>. LaBella has subcontracted with Encorus Group to provide Air Monitoring services during ground-intrusive activities during the course of construction, in accordance with New York State Department of Health CAMP protocols and DER-10 guidelines.

BUDC's contract with LaBella presently allocates \$35,000 for air monitoring services. As the project scope evolved, the duration of site work and construction schedule extended beyond the initial proposal and now requires air monitoring services for approximately twice the originally anticipated time.

LaBella proposes to complete the additional air monitoring services at an additional cost of \$36,750, which covers labor, equipment rental, and travel expenses for 45 additional monitoring shifts. The work will be performed by Encorus Group as LaBella's subcontractor.

B. Oil Testing. During excavation, an underground oil structure was found at 541 E. Delavan Avenue. This structure has been tested and its contents require disposal at a licensed disposal facility. LaBella provided environmental consulting and testing of the oil product found. The cost of the work is \$2,000.

C. Ground Water Testing. In addition to the underground oil structure discussed above, suspect ground water was also detected, tested and requires disposal of at a licensed disposal facility. LaBella has worked with the DEC in connection with this matter and has supported Encorus with site visits to provide technical assistance relating to the ground water testing. The cost of this work is \$1,800.

In total, the proposed Change Orders described above result in a total, not to exceed amount of \$40,550 and will be funded through BUDC's RECAP grant with Empire State Development (ESD) which was previously approved by BUDC Board of Directors on October 31, 2023. BUDC is required to submit each change order to EDA for approval, even if EDA is not funding the cost of the change order. As BUDC is not asking EDA to fund the cost of these Change Orders, it is not anticipated that EDA will object to these Change Orders.

This item was reviewed by the Real Estate Committee at its October 14, 2025 meeting and was recommended for approval by the BUDC Board of Directors.

ACTION:

I am requesting that the BUDC Board of Directors: (i) amend the existing agreement with LaBella Associates for Northland Corridor Redevelopment Phase 3 to provide the services outlined in this memorandum, for an amount not to exceed \$40,550; and (ii) authorize the President or Executive Vice President to execute an amendment to its existing agreement with LaBella Associates, and take such other actions as may be necessary or appropriate to implement this authorization.
